ARTIST CALL!

The ART ODYSSEY Middle School Art Show is a special chance for middle school artists to show off their artwork in a real art gallery!

In this exhibit, students get to learn about art history in a creative way. They'll get to try out different art styles from the past whilst expanding their knowledge in art history. It's not just about making cool art—it's also about discovering how art has changed over time and why it's important. It's like going on an adventure through art history!
