Youth – Digital Art Dynamic Anatomy

Ages 12 to 18

**NEW
CLASS!**

Discover the art of the human form with Dynamic Anatomy, specially designed for students 12–18. Through four comprehensive classes, students will build a solid foundation in figure drawing for cartoons, comics, animation, and manga. They will explore essential techniques such as shapes, proportions, and gesture drawing. Students will delve into muscular anatomy and how to exaggerate proportions to reach their desired outcome in a variety of styles. As they progress, students will learn to capture motion with dynamic action poses, understand the nuances of drapery and apply advanced techniques like foreshortening and shading to add depth to their characters. The final class culminates in a portfolio review, showcasing their newfound skills and artistic growth!

Youth Introduction to Ceramics

Ages 7 to 15

Intro to Ceramics is an introductory handbuilding class in which you learn all about techniques and tools. Students will be creating, by hand, functional ceramic pieces from start to finish with the guidance of an instructor. Learning to build with tools in the studio other than the wheel is key to understanding the art of clay. Students will get to explore the various capabilities of the slab roller, extruder, and numerous hand tools, all of which provide an excellent foundation for other ceramic disciplines.
